

## **WOW! CERTIFICATES**

These are to be filled in by yourself when your child has done something outside of school that has made you say wow! This could be helping you to lay the table, clearing up after themselves, passing a swimming exam, being kind to their sibling, trying a new food, riding a bike without stabilizers etc. When you have filled in a certificate, please send it into school where we will show the class and celebrate the achievement. We have a display in the Reception corridor where we put up some of the certificates. If you need more certificates, just let your child's class teacher know. They are a different colour every term.
