Children's University Update.

Thank you for engaging with the Children's University programme. It has been wonderful to see all the fantastic learning opportunities they have been participating in outside of the school day.

Thank you for your patience and please keep sending activities and any questions into the email address Moreable@ladybankes.school as we have been adding new activity codes regularly.

We have 181 children signed up the Children's University programme with approximately 100 children regularly logging activities, gradually getting closer and closer to their graduation!

The next school challenge is to complete the Science Week home learning task (please see Science Week email). Please show your teacher once the Science Week activity is completed and your child will be given a code to add to their Children's University online passport.

Please see below a list of children with the most hours so far this school year.
