COMPUTING WORKSHOPS

LADY BANKES | Y4–Y6

MINECRAFT HACKERS
Afterschool Club_

At Jam Coding, our goal is to help improve children's digital creativity skills. Is your child ready to take their Minecraft experience to the next level? In our Minecraft Hackers workshop, children learn how to harness the power of text commands to become fire resistant, teleport, create potions and intricate chain reactions using command blocks and pressure plates. Working in teams, children will have fun whilst improving their computational thinking skills to enhance their gaming experience! At the end of the course, all children will receive a certificate and one team will receive a trophy!
