

Home learning tasks Year 1 – Autumn 2

1. Create an ambulance out of junk model materials. What noise does an ambulance make? What do the lights mean? Who works on an ambulance?
2. Create a job advert for a nurse. What qualities do you think they need?
3. Create a puppet (hand, stick, sock, shadow etc.) of a nurse. Can you role play their role with your family?
4. During the pandemic people clapped to support the NHS and they displayed rainbows. Can you create a rainbow? You could use paint, material etc.
5. Talk to your family about what to do if you have a medical emergency. Who should you call? What should you do?
