{JAM} CODING
COMPUTING WORKSHOPS

LADY BANKES Y4-Y6

RETRO GAMING Afterschool Club_

At Jam Coding, our goal is to help improve children's digital skills. In this workshop, children will learn to design and code classic retro games such as Pong!, Asteroids, Space Shooter and Doodle Jump. Then it's competition time! Can they beat their friends at their own game? Working in teams, they will create maps, characters and game code. An awesome workshop which teaches creativity and coding skills whilst having fun. At the end of the course, all children will receive a certificate and one team will receive a trophy!
